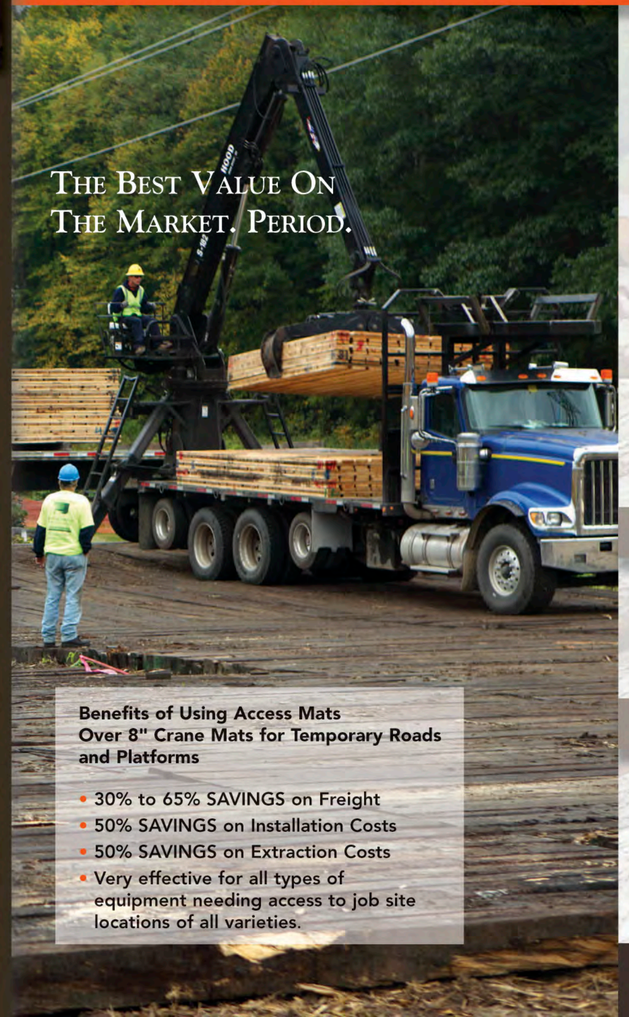
THE POWER OF A DEDICATED FAMILY BUSINESS



THE BEST VALUE ON THE MARKET. PERIOD.

Benefits of Using Access Mats Over 8" Crane Mats for Temporary Roads and Platforms

- 30% to 65% SAVINGS on Freight
- 50% SAVINGS on Installation Costs
- 50% SAVINGS on Extraction Costs
- Very effective for all types of equipment needing access to job site locations of all varieties.

STERLING ACCESS MATS™

Access Mats, Bolted Mats, Road Mats, Swamp Mats, Carriage Bolted Mats, Truck Mats, 3-Ply Mats, Laminated Mats

Quality Access Mat Manufacturing:

Our consistent selection of high-grade timber maximizes the strength, performance and overall longevity of our Sterling Access Mats. Sterling's precision manufacturing process assures optimum uniformity and durability. We manufacture a variety of high quality access mats and will work with you to ensure you have the right product for the job.

- Excellent for platforms or temporary roads
- Zinc Plated Carriage Bolts - all countersunk, trimmed flush and square
- Optional lifting cables available

ACCESS MAT SIZES

- Thickness: 4" to 8"
- Width: 2' to 8'
- Length: 4' to 16'
- Stock Sizes: 8' x 14' and 8' x 16'

CALL STERLING LUMBER FOR CONSULTATION

- **Classic Access Mats**
  Made of 3 alternately applied layers of hardwood lumber compressed together with zinc-coated carriage bolts.
- **Interlocking Access Mats**
  3 interlocking fingers allow mats to lock together - no tools required
- **Heavy Duty Access Mats**
  Solid top and bottom surfaces - no gap between hardwood boards
- **Square Access Mats**
  All sides of 3-ply mat are flush without any interlocking components
- **Optional Lifting Cables**
  We install wire rope into the mat.
- **Hybrid and Custom Mats**
  We work with you to develop the Access Mat to meet your project and load specifications assuring cost effectiveness and durability.

FLEXIBLE PURCHASE OPTIONS

- New Mats
- Used Mats
