## INDEPENDENT AUDITOR'S REPORT

The Honorable Mayor and  
Members of the Township Committee  
Township of Chatham  
County of Morris, New Jersey

### **Report on the Financial Statements**

We have audited the accompanying balance sheets – regulatory basis of the various funds and account group of the Township of Chatham as of December 31, 2013 and December 31, 2012, and the results of operations and changes in fund balance – regulatory basis of such funds for the years then ended and the statements of revenues – regulatory basis and statements of expenditures – regulatory basis of the various funds for the year ended December 31, 2013, and the related notes to the financial statements, which collectively comprise the Township's financial statements as listed in the table of contents.

### **Management's Responsibility for the Financial Statements**

The management of the Township of Chatham is responsible for the preparation and fair presentation of these financial statements in accordance with the basis of accounting prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatements, whether due to fraud or error.

### **Auditor's Responsibility**

Our responsibility is to express opinions on these financial statements based on our audits. We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States; and in compliance with audit requirements prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes performing procedures to obtain audit evidence about the amounts and disclosures in the financial statement. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate, but not for the purpose of expressing an opinion on the effectiveness of the Township's internal control. Accordingly, we express no such opinion. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that the audit evidence obtained is sufficient to provide a reasonable basis for our opinions.

**Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles**

As discussed in Note I, the Township of Chatham prepares its financial statements in conformity with the accounting practices prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, which is a basis of accounting other than accounting principles generally accepted in the United States of America, to meet the requirements of New Jersey. The effects on the financial statements of the variances between the regulatory basis of accounting discussed in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

**Adverse Opinion on U.S. Generally Accepted Accounting Principles**

In our opinion, because of the Township's policy to prepare its financial statements on the basis of accounting discussed in the preceding paragraph, the financial statements referred to above do not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of the Township of Chatham as of December 31, 2013 and December 31, 2012 or the results of its operations for the years then ended.

**Qualified Opinion on Regulatory Basis of Accounting**

However, in our opinion, the financial statements referred to above present fairly, in all material respects, the financial position - regulatory basis of the various funds and account group of the Township of Chatham as of December 31, 2013 and December 31, 2012, and the results of operations and changes in fund balance - regulatory basis of such funds for the years then ended and the statements of revenues - regulatory basis and statements of expenditures - regulatory basis of the various funds for the year ended December 31, 2013, on the basis of accounting described in Note I.

**Other Matters**

Our audit was performed for the purpose of forming opinions on the financial statements of the Township of Chatham, in the County of Morris, State of New Jersey, that collectively comprise their financial statements. The accompanying supplementary information listed in the table of contents and the letter of comments and recommendations section are presented for purposes of additional analysis, as required by the Division of Local Government Services and are not a required part of the financial statements.

The supplemental information listed in the table of contents are the responsibility of management and were derived from the underlying accounting and other records used to prepare the financial statement. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and, in our opinion, such information is fairly stated in all material respects in relation to the financial statements taken as a whole

**Other Reporting Required by Government Auditing Standards**

In accordance with Governmental Auditing Standards, we have also issued our report dated May 29, 2014 on our consideration of the Township of Chatham's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Governmental Auditing Standards and should be read in considering the Township's internal control over financial reporting and compliance.

**NOTES TO FINANCIAL STATEMENTS**

TOWNSHIP OF CHATHAM

NOTES TO FINANCIAL STATEMENTS  
YEAR ENDED DECEMBER 31, 2013

Note I: Summary of Significant Accounting Policies

A. Basis of Presentation

The financial statements of the Township Committee of the Township of Chatham have been prepared in conformity with accounting principles and practices prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the Township's accounting policies are described below.

B. Reporting Entity

The Township of Chatham is an instrumentality of the State of New Jersey, established to function as a municipality. The Township Committee consists of elected officials and is responsible for the fiscal control of the Township of Chatham.

The primary criterion for including activities within the Township's reporting entity, as set forth in Section 2100 of the GASB Codification of Governmental Accounting and Financial Reporting Standards, is the degree of oversight responsibility maintained by the Township of Chatham. Oversight responsibility includes financial interdependency, selection of governing authority, designation of management, ability to significantly influence operations and accountability for fiscal matters.

Except as noted below, the financial statements of the Township of Chatham include every board, body, officer or commission supported and maintained wholly or in part by funds appropriated by the Township of Chatham, as required by N.J.S. 40A:5-5. Accordingly, the financial statements of the Township of Chatham do not include the operations of the municipal library or volunteer fire and first aid squads. Furthermore, the Township of Chatham is not includable in any other reporting entity on the basis of such criteria.

C. Description of Funds

The accounting policies of the Township of Chatham conform to the accounting principles and practices prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey (the Division). Such principles and practices are designed primarily for determining compliance with legal provisions and budgetary restrictions and as a means of reporting on the stewardship of public officials with respect to public funds. Under this method of accounting, the Township of Chatham accounts for its financial transactions through the following separate funds which differ from the fund structure required by accounting principles generally accepted in the United States of America:

Current Fund – resources and expenditures for governmental operations of a general nature, including Federal and State grants for operation.

Trust Fund – receipts, custodianship and disbursement of monies in accordance with the purpose for which each reserve was created.

General Capital Fund – receipt and disbursement of funds used for acquisition of general capital facilities, other than those acquired in the Current Fund.

C. Description of Funds (Continued)

Sewer Operating and Capital Funds No. 1 and No. 2 – account for the operations and acquisition of capital facilities of the Sewer Utilities.

Public Assistance Fund – receipts and disbursements of funds that provide assistance to certain residents of the Township of Chatham pursuant to Title 44 of New Jersey statutes.

Bond and Interest Fund – receipts and disbursements of funds for payment of interest and principal on outstanding debt.

General Fixed Asset Account Group – account for all the general fixed assets of the Township, other than those accounted for in the Sewer Utility funds. The Township's infrastructure is not reported in the account group.

D. Basis of Accounting

The accounting principles and practices prescribed for municipalities by the Division differ in certain respects from accounting principles generally accepted in the United States of America (GAAP) applicable to local government units. The more significant differences are as follows:

Property Taxes, Sewer Rents and Other Revenues – property taxes, sewer rents and other revenues are recognized on a cash basis. Receivables for property taxes and other items that are susceptible to accrual are recorded with offsetting reserves on the balance sheets. GAAP requires such revenue to be recognized in the accounting period when they become susceptible to accrual, reduced by an allowance for doubtful accounts.

Grant Revenues – Federal and State grants, entitlements or shared revenues received for purposes normally financed through the Current Fund are recognized when anticipated in the Township of Chatham budget. GAAP requires such revenues to be recognized in the accounting period when they become susceptible to accrual.

Expenditures (including Federal and State Financial Assistance Programs) – unexpended or uncommitted appropriations, at December 31, are reported as expenditures through the establishment of appropriation reserves unless canceled by the governing body. GAAP requires expenditures to be recognized in the accounting period in which the fund liability is incurred, if measurable, except for unmatured interest on general long-term debt, which should be recognized when due.

Encumbrances – contractual orders at December 31, are reported as expenditures through the establishment of a reserve for encumbrances. Encumbrances do not constitute expenditures under GAAP.

Appropriation Reserves – are available, until lapsed at the close of the succeeding year, to meet specific claims, commitments or contracts incurred during the preceding year. Lapsed appropriation reserves are recorded as additions to income. Appropriation reserves do not exist under GAAP.

D. Basis of Accounting (Continued)

Operating Deficits – deficits resulting from expenditures and other debits which exceed cash revenues, other realized revenues and credits to income in such fiscal year, are recorded as deferred charges on the balance sheet of the respective operating funds at year end and are required to be funded in the succeeding year's budget. GAAP does not permit the deferral of operating deficits at year end.

Compensated Absences – expenditures relating to obligations for unused vested accumulated vacation and sick pay are not recorded until paid, however, municipalities may establish and budget reserve funds for the future payment of compensated absences. GAAP requires that the amount that would normally be liquidated with expendable available financial resources be recorded as an expenditure in the operating funds and the remaining obligations be recorded as a long-term obligation.

Property Acquired for Taxes – is recorded in the Current Fund at the assessed valuation when such property was acquired and fully reserved. GAAP requires such property to be recorded in the general fixed assets account group at market value on the date of acquisition.

Inventories of Supplies – The costs of inventories of supplies for all funds are recorded as expenditures at the time individual items are purchased. The costs of inventories are not included on the various balance sheets as required by GAAP.

Interfunds – advances from the Current Fund are reported as interfund receivables with offsetting reserves which are created by charges to operations. Income is recognized in the year the receivables are liquidated. GAAP does not require the establishment of an offsetting reserve.

Basic Financial Statement – The GASB Codification also defines the financial statements of a governmental unit that are required to be presented in the general purpose financial statements be in accordance with GAAP. The Township of Chatham presents the financial statements listed in the table of contents which are required by the Division and which differ from the financial statements required by GAAP. In addition, the Division requires the financial statements listed in the table of contents to be referenced to the supplementary schedules. This practice differs from GAAP.

E. Budgetary Information

Annual budgets are adopted on a basis consistent with the requirements of the State of New Jersey, Department of Community Affairs, Division of Local Government Services.

Under New Jersey State Statutes, the annual budget is required to be balanced, prepared on a cash basis and to provide a reserve for uncollected taxes. The 2013 statutory budget included a reserve for uncollected taxes in the amount of \$1,434,273.63. To balance the budget, the municipality is permitted to utilize fund balance. The amounts of fund balance utilized to balance the 2013 statutory budgets were as follows:

Current Fund	\$2,100,000.00
Sewer No. 1 Utility Operating Fund	150,000.00
Sewer No. 2 Utility Operating Fund	120,000.00

Code Enforcement – OE	(10,000.00)

N.J.S.A. 40A:4-87 permits special items of revenue and appropriations to be inserted into the annual budget, after the adoption of the budget, when the item has been made available by any public or private funding source. The following significant budget insertions were approved during the 2013 calendar year.

<u>Budget Category</u>	<u>Amount</u>
NJ Transportation Trust – River Road Improvements	\$159,241.00
Clean Communities Program	19,734.67
Donations – Skate Park Renovations	17,063.29
Drunk Driving Enforcement Fund	4,620.53

The municipality may make emergency appropriations, after the adoption of the budget, for a purpose which was not foreseen at the time the budget was adopted or for which adequate provision was not made therein. This type of appropriation shall be made to meet a pressing need for public expenditure to protect or promote the public health, safety, morals or welfare or to provide temporary housing or public assistance prior to the next succeeding fiscal year. Emergency appropriations, except those classified as a special emergency, must be raised in the budget of the succeeding year. Special emergency appropriations are permitted to be raised in the budgets of the succeeding three or five years. The Township approved emergency appropriations in the amount of \$175,000.00 during the 2012 calendar year and \$0.00 during the 2013 calendar year.

F. Assets and Liabilities

1. Deposits and Investments

Deposits are cash and cash equivalents including petty cash, change funds, cash in banks and all highly liquid investments with a maturity of three months or less at the time of purchase and are stated at cost plus accrued interest. Other than Certificates of Deposit, deposits with maturities of greater than three months are considered to be investments. U.S. Treasury and Agency Obligations and Certificates of Deposit with maturities of one year or less when purchased are stated at cost. All other investments are stated at fair value.

New Jersey governmental units are limited as to the types of investments and types of financial institutions they may invest in. New Jersey statutes provide a list of permissible investments that may be purchased by New Jersey governmental units.

2. Property Tax Assessment and Billing

Property valuations (assessments) are determined on true values as arrived at by a cost approach, market data approach and capitalization of net income where appropriate. Current assessments are the result of new assessments on a like basis with established comparable properties for newly assessed or purchased properties. This method assures equitable treatment to like property owners. But it often results in a divergence of the assessment ratio to true value. Because of the changes in property resale values, annual adjustments could not keep pace with the changing values. A revaluation of all property in the Township was last completed in 2005.

Upon the filing of certified adopted budgets by the School District and the County, the tax rate is struck by the County Board of Taxation based on the certified amounts in each of the taxing districts for collection to fund the budgets. The statutory provision for the assessment of property, levying of taxes and the collection thereof are set forth in N.J.S.A. 54:4-1 et seq. Special taxing districts are permitted in New Jersey for various special services rendered to the properties located within the special districts.

Tax bills are mailed annually in June. The taxes are due August 1 and November 1 respectively, and are adjusted to reflect the current calendar year's total tax liability. The preliminary taxes due February 1 and May 1 of the succeeding year, are based upon one-half of the current year's total tax.

Tax installments not paid on or before the due date are subject to interest penalties of 8% per annum on the first \$1,500.00 of the delinquency and 18% per annum on any amount in excess of \$1,500.00. Pursuant to c. 75, P.L. 1991, the governing body may also fix a penalty to be charged to a taxpayer with a delinquency in excess of \$10,000.00 who fails to pay that delinquency prior to the end of the calendar year. The penalty so fixed shall not exceed 6% of the amount of the delinquency. These interest and penalties are the highest permitted under New Jersey Statutes. Delinquent taxes open for one year or more are annually included in a tax sale in accordance with New Jersey Statutes.

3. Deferred Charges

The funding of certain expenditures incurred in the current year (i.e. emergencies, overexpenditures) are deferred to subsequent years' budgets.

4. Fixed Assets

In accordance with N.J.A.C 5:30-5.6, Accounting for Governmental Fixed Assets, as promulgated by the Division of Local Government Services, which differs in certain respects from generally accepted accounting principles, the Township of Chatham has developed a fixed assets accounting and reporting system based on an inspection and appraisal prepared by Township personnel.

Fixed Assets used in governmental operation (general fixed assets) are accounted for in the General Fixed Assets Account Group. Public domain ("infrastructure") general fixed assets consisting of certain improvements other than buildings, such as roads, bridges, curbs and gutters, streets and sidewalks and drainage systems are not capitalized.

All fixed assets are valued at historical cost or estimated historical cost if actual historical cost is not available except for land which is valued at assessed value.

No depreciation has been provided for in the financial statements.

Expenditures for construction in progress are recorded in the Capital Funds until such time as the construction is completed and put into operation.

Fixed assets acquired through grants in aid or contributed capital have not been accounted for separately.

Accounting for utility fund "fixed capital" remains unchanged under N.J.A.C 5:30-5.6.

Property and equipment purchased by the Sewer Utility Funds are recorded in the capital account at cost and are adjusted for disposition and abandonment. The amounts shown do not purport to represent reproduction costs or current value. Contributions in aid of construction are not capitalized. The balances in the Reserve for Amortization and Deferred Reserve for Amortization accounts in the utility capital funds represent charges to operations for the costs of acquisitions of property, equipment and improvements. The utilities do not record depreciation on fixed assets.

5. Use of Estimates

The preparation of financial statements in conformity with the accounting practices prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey requires management to make estimates and assumptions that affect certain reports, amounts and disclosures. Accordingly, actual results could differ from those estimates.

6. Comparative Data

Comparative total data for the prior year has been presented in the accompanying Balance Sheets and Statements of Operations in order to provide an understanding of changes in the Township of Chatham's financial position. However, comparative data have not been presented in each of the supplemental schedules since their inclusion would make statements unduly complex and difficult to read.

Note II: Detailed Notes On All Funds

A. Deposits and Investments

Deposits

New Jersey statutes permit the deposit of public funds in institutions located in New Jersey which are insured by the Federal Deposit Insurance Corporation (FDIC), the Savings Association Insurance Fund, or by any other agencies of the United States that insure deposits or the State of New Jersey Cash Management Fund.

N.J.S.A. 17:9-41 et. seq. establishes the requirements for the security of deposits of governmental units. The statute requires that no governmental unit shall deposit public funds in a public depository unless such funds are secured in accordance with the Governmental Unit Deposit Protection Act (GUDPA). Public depositories include Savings and Loan institutions, banks (both state and national banks) and savings banks the deposits of which are federally insured. All public depositories must pledge collateral, having a market value at least five percent of the average daily balance of collected public funds, to secure the deposits of Governmental Units. If a public depository fails, the collateral it has pledged, plus the collateral of all other public depositories, is available to pay the full amount of their deposits to the Governmental Units.

Deposits (Continued)

At December 31, 2013 the Township of Chatham's cash and cash equivalent's amounted to \$10,982,734.60. Of this amount, \$250,000.00 was covered by federal depository insurance (F.D.I.C.) and \$9,867,337.17 was covered by a collateral pool maintained by the banks as required by GUDPA. Although the individual developers' accounts are subject to F.D.I.C. coverage, it cannot be accurately determined whether the total amount of \$615,397.43 included in Developers Escrow deposits is covered.

At December 31, 2013 the Township of Chatham did not participate in the State of New Jersey Cash Management Fund.

GASB Statement No. 40, *Deposit and Investment Risk Disclosures*, requires the disclosure of bank deposits that are subject to custodial credit risk. The custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, the Township will not be able to recover deposits or will not be able to recover collateral securities that may be in the possession of an outside party.

As of December 31, 2013 \$615,397.43 of the Township of Chatham's cash and cash equivalents of \$10,982,734.60 was exposed to custodial credit risk.

Sewer No. 1 Utility Operating Fund	250,000.00
Sewer No. 2 Utility Operating Fund	120,000.00

Note III: Pension Plans

Description of Systems

Substantially all of the Township's employees participate in one of the following contributory defined benefit public employee retirement systems which have been established by State statute: the Public Employees' Retirement System (PERS), or the Police and Firemen's Retirement System (PFRS). These systems are sponsored and administered by the New Jersey Division of Pensions and Benefits. The PERS and PFRS are considered cost sharing multiple-employer plans.

The Public Employees' Retirement System (PERS) was established in January 1955, under the provisions of N.J.S.A. 43:15A to provide coverage including post-retirement health care to substantially all full time employees of the State or any county, municipality, school district or public agency provided the employee is not a member of another State-administered retirement system. Membership is mandatory for such employees and vesting occurs after 10 years of service for pension benefits.

The Police and Firemen's Retirement System (PFRS) was established in July 1944, under the provisions of N.J.S.A. 43:16A to provide coverage to substantially all full time county and municipal police or firemen and State firemen appointed after June 30, 1944. Membership is mandatory for such employees with vesting occurring after 10 years of membership.

According to the State of New Jersey Management Administrative Code, all obligations of the Systems will be assumed by the State of New Jersey should the Systems terminate. The State of New Jersey, Department of the Treasury, Division of Pensions and Benefits, issues a publicly available financial report that includes the financial statements and required supplementary information of each of the above systems. These reports may be obtained by writing to the State of New Jersey, Department of the Treasury, Division of Pensions and Benefits, PO Box 295, Trenton, New Jersey 08625-2095.

Retirement Benefits

For PERS employees, the benefits will be 1/55 of the average of the three highest years compensation for each year of service. However, for PERS who are veterans of the U.S. armed forces, the benefits will be 1/55 of final compensation for each year of service.

For PFRS employees, the benefits will be various percentages of final compensation depending upon the numbers of years of service.

Significant Legislation

Chapter 89, P.L. 2008, effective November 1, 2008, increased the PERS retirement age. If a person becomes a member on or after November 1, 2008 that person must be at least 62 years of age in order to retire without a reduction in their retirement allowance.

Chapter 78, P.L. 2011, effective June 28, 2011 implements changes to the PERS. PERS employee pension contribution rates will increase from 5.5% to 6.5% of salary

The second phase of the contribution rate increase from 6.5% to 7.5% is to be phased in equally over a 7 year period beginning July 2012. The contribution rate will increase by 0.14% each year with the first payroll of July until the 7.5% contribution rate is reached in July 2018.

The increase in the PERS employee contribution rate will also increase the minimum repayment amount for pension loans or the cost for a purchase of service credit if certified after the employee's increased contribution becomes effective.

Under a provision of Chapter 78, P.L. 2011, Cost of Living Adjustments (COLA) are suspended for all current and future retirees of all retirement systems. There is no reduction to any COLA increases that were already added to retiree benefits prior to the effective date of the law.

Contribution Requirements

The contribution policy is set by New Jersey State Statutes and, in most retirement systems, contributions are required by active members and contributing employers. Plan member and employer contributions may be amended by State of New Jersey legislation. The various pension funds provide for employee contributions based on percentages ranging from 6.77 percent for PERS to 10.0 percent for PFRS of employees' annual compensation, as defined. Employers are required to contribute at an actuarially determined rate in all Funds. The actuarially determined employer contribution includes funding for cost-of-living adjustments and noncontributory death benefits in the PFRS and PERS.

During the state fiscal year ended June 30, 2013, for PFRS and PERS, which are cost sharing multi-employer defined benefit pension plans, the annual pension cost differs from the annual required contribution due to the enactment of Chapter 114, P.L. 1997..

Legislation enacted in 1991 provided early retirement incentives for Township's employees in PERS and PFRS who met certain age and service requirements and applied for retirement between certain dates. In PERS the early retirement incentives included an additional five years of service credit, as defined, for employees at least age 50 with a minimum of 25 years of service; free health benefits for employees at least 60 years old with at least 20 years of service; and an additional \$500 per month for employees at least age 60 with ten but less than 20 years. In PFRS, an employee age 47 or older with 20 or more years of service credit received five additional years of service or any lesser number of years to provide the member with the maximum 30 years of service credit as of the date of retirement. The Township will assume the increased cost for the early retirement.

Note IV: Post Retirement Medical Benefits

P.L. 1997, C.330 provides State paid post-retirement health benefits to qualified retirees of the Police and Firemen's Retirement System and the Consolidated Police and Fireman's Pension Fund and to dependents of qualified retirees. The State is responsible for 80% of the premium for the category of coverage elected by the retiree under the State managed care plan or a health maintenance organization participating in the program, whichever provides the lower charge.

PERS employees do not receive post-retirement medical benefits.

Note V: Risk Management

The Township of Chatham is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters.

The Township of Chatham is a member of the following joint insurance funds:

MORRIS COUNTY MUNICIPAL JOINT INSURANCE FUND

This fund was created on January 1, 1987 in accordance with P.L. 1983, entitled "An act concerning joint insurance funds for local units of government, and supplementing Chapter 10 of Title 40A of the New Jersey statutes". The Fund is both an insured and self-administered group of municipalities established for the purpose of providing low-cost insurance coverage for the member municipalities in order to keep local property taxes at a minimum.

The Morris County Municipal Joint Insurance Fund is also a member of the Municipal Excess Liability Joint Insurance Fund, which provides excess insurance for each of the coverages noted above, except for excess property coverage which is purchased by the Fund from a commercial carrier. Fund members are subject to supplemental assessments in the event of deficiencies. If the assets of the Fund were to be exhausted, members would be responsible for the Fund's liabilities. The Fund considers anticipated investment income when determining if a deficiency exists.

A participating municipality must remain in the Fund for the full term of membership unless terminated earlier by a majority vote of the Fund Commissioners or a two-thirds vote of the Executive Committee for nonpayment of assessments or continued noncompliance after written notice to comply with the bylaws or other obligations. Termination may occur only after proper notice has been given, in accordance with the Fund's bylaws. The Fund has 42 members at December 31, 2013, all of which are municipalities.

MUNICIPAL EXCESS LIABILITY JOINT INSURANCE FUND

This Fund was created on December 16, 1986, in accordance with P.L. 1983, C. 372, entitled "An act concerning joint insurance funds for local units of government, and supplementing Chapter 10 of Title 40A of the New Jersey statutes". The Fund is both an insured and self-administered group of municipalities established for the purpose of providing low-cost insurance coverage for the member municipalities in order to keep local property taxes at a minimum. The participating municipalities and authorities must be a member of a local Joint Insurance Fund or be able to prove satisfactorily to the Fund their compliance with funding and underlying coverage criteria as annually agreed and approved by the Fund. The Fund has 585 members consisting of 383 municipalities, 167 authorities, 1 county, 32 fire/first aid squads and 2 commissions.

The following coverage's are offered by the Fund to its members:

- a) Worker's Compensation and Employers' Liability
- b) Liability Other than Motor Vehicles
- c) Property Damage Other than Motor Vehicles
- d) Motor Vehicle
- e) Public Officials' Liability

Fund members are subject to supplemental assessments in the event of deficiencies. If the assets of the Fund were to be exhausted, members would be responsible for the Fund's liabilities. The Fund considers anticipated investment income when determining if a deficiency exists.

Note VII: Accrued Sick and Vacation Benefits

The Township of Chatham permits employees to accrue a limited amount of unused vacation and sick pay, which may be taken as time off or paid upon retirement or separation at an agreed-upon rate.

It is estimated that the current cost of such unpaid compensation would approximate \$243,191.85. This amount is not reported either as an expenditure or a liability. It is expected that the cost of such unpaid compensation would be included in the Township of Chatham's budget operating expenditures in the year in which it is used.

Note VIII: Related Party Transactions

Mrs. Nicole Hagner, Mayor of the Township of Chatham is also Trustee of the Free Public Library. Exhibit A-3 reflects that \$945,862.00 has been paid to the Free Public Library.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL  
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF  
FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH  
"GOVERNMENT AUDITING STANDARDS"

The Honorable Mayor and  
Members of the Township Committee  
Township of Chatham  
County of Morris, New Jersey

We have audited the financial statements of the Township of Chatham as of and for the years ended December 31, 2013 and December 31, 2012, and have issued our report thereon dated May 23, 2014. In our report our opinion was qualified because the Township of Chatham prepares its financial statements using the regulatory basis of accounting prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States; and in compliance with audit requirements prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey.

**Internal Control Over Financial Reporting**

In planning and performing our audit, we considered the Township of Chatham's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Township of Chatham's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Township of Chatham's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

[vm\\_associates@msn.com](mailto:vm_associates@msn.com)

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

**Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the Township of Chatham’s financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

**Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity’s internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the Township’s internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**GENERAL COMMENTS AND RECOMMENDATIONS  
YEAR ENDED DECEMBER 31, 2013**

## GENERAL COMMENTS

### CONTRACTS AND AGREEMENTS REQUIRED TO BE ADVERTISED FOR BIDS

Effective April 17, 2000 N.J.S.A. 40A: 11 (Local Public Contracts Law) is revised by P.L. 1999, c.440 (originally known as Assembly bill No. 3519) The Division of Local Government Services in the Department of Community Affairs, after consultation with the Commissioner of Education, shall prescribe rules and procedures to implement the requirements of the law

Effective July 1, 2010 the bid threshold in accordance with N.J.S.A. 40A: 11-3 (as amended) is \$26,000.00 however effective January 1, 2011 the bid threshold for entities without a qualified purchasing agent was rolled back to \$17,500.00.

It is pointed out that the governing body of the Township of Chatham has the responsibility of determining whether commitments and expenditures are in compliance with the statutes and, where question arises as to whether any contract or agreement might result in violation of these statutes the Township Attorney's opinion should be sought before commitment is made.

Inasmuch as the system of records is not required to provide and therefore did not provide for an accumulation of payments by categories for the performance of any work or the furnishing or hiring of any materials or supplies, the results of such an accumulation could not reasonably be ascertained. Disbursements were reviewed, however, to determine whether any clear cut violations existed. None were disclosed.

The results of our examination indicated that no individual payments, contracts or agreements were made "for the provision or performance of any goods or services" in excess of the statutory limit where there had been no advertising for bids in accordance with the provision of N.J.S.A. 40A: 11-4.

The minutes indicate that resolutions were adopted and advertised authorizing the awarding of contracts or agreements for "Professional Services" per N.J.S.A. 40A: 11-5 for Attorney, Engineers, Bond Counsel, Labor Counsel and Risk Management Consultant.

The minutes indicate that bids were requested by public advertising for the following items: Shunpike Road Sidewalk Installation, 2013 Micro Surfacing Project, River Road Improvements and Standby Generator for the Police Department.

The system of records is not required to provide and therefore did not provide for an accumulation of purchases for which the Township used contracts entered in to by the State Department of Purchase and Property pursuant to Ch. 114, P.L. 1977, therefore, the extent of such purchases could not reasonably be ascertained. Our examination did reveal the following purchases made through the use of State contracts – Equipment for the Green Village Fire Department, Police Cars and Two Ford Explorers .

Ordinance 93-17 adopted November 11, 1993, authorized the Township to enter into cooperative purchasing program with the County of Morris. The following items were purchased this year:

Rock Salt, Road and Parking Lot Resurfacing, Gasoline, Diesel Fuel and Chemicals.

Our examination of expenditures did not reveal any individual payments, contract or agreements in excess of the statutory limit for the performance of any work or the furnishing or hiring of any materials or supplies, other than those where bids had been previously sought by public advertisement or where a resolution had been previously adopted under the provisions of N.J.S.A. 40A: 11-6.

COLLECTION OF INTEREST ON DELINQUENT TAXES

The statutes provide the method for authorizing interest and the maximum rates to be charged for the nonpayment of taxes on or before the date when they would become delinquent.

The governing body on January 3, 2013, adopted the following resolution authorizing interest to be charged on delinquent taxes:

BE IT RESOLVED, by the Township Committee of the Township of Chatham, Morris County, New Jersey, that

1. The rate of interest to be charged by the Tax Collector on delinquent taxes on the first \$1,500.00 is hereby fixed at the rate of eight (8) per cent per annum, to remain in full force until January 1, 2014.
2. The rate of interest to be charged by the Tax Collector on delinquent taxes in excess of \$1,500.00 is hereby fixed at the rate of eighteen (18) per cent per annum, to remain in force until January 1, 2014.
3. Notwithstanding the provisions of this resolution, no interest shall be charged if payment of any installment is made within the tenth calendar day following the date upon which the same became payable.
4. A certified copy of this resolution shall be forwarded to the Tax Collector for his information and guidance.

The governing body on January 3, 2013 adopted the following resolution authorizing interest to be charged on delinquent utility charges:

BE IT RESOLVED, by the Township Committee of the Township of Chatham, Morris County, New Jersey, that

1. The rate of interest to be charged by the Tax Collector on delinquent sewer service charges on the first \$1,500.00 is hereby fixed at the rate of eight (8) per cent per annum, to remain in full force until January 1, 2014.
2. The rate of interest to be charged by the Tax Collector on delinquent sewer charges in excess of \$1,500.00 is hereby fixed at the rate of eighteen (18) per cent per annum, to remain in force until January 1, 2014.

It appears from the examination of the Tax Collector's and Utility Collector's records that interest was collected in accordance with the foregoing resolutions.

DELINQUENT TAXES AND TAX TITLE LIENS

The delinquent taxes at December 31, 2013 include taxes for 2013 or 2012 which were not assessed until 2013.

The last tax sale was held November 14, 2013 and was complete.

Inspection of tax sale certificates on file revealed that all tax sale certificates were available for audit.

The following comparison is made of the number of tax title liens receivable on December 31, of the last five years:

<u>Year</u>	<u>Number of Liens</u>		
	<u>Tax</u>	<u>Sewer</u>	<u>Assessment</u>
2013	6	0	4
2012	7	0	4
2011	7	0	4
2010	6	0	4
2009	6	0	4

It is essential to good management that all means provided by statute be utilized to liquidate tax title liens in order to get such properties back on a tax-paying basis.

VERIFICATION OF DELINQUENT TAXES AND OTHER CHARGES

A test verification of delinquent charges and current payments was made in accordance with the regulations of the Division of Local Government Services, including the mailing of verification notices as follows:

<u>Type</u>	<u>Number Mailed</u>
Payments of 2013 Taxes	25
Prepayments of 2014 Taxes	25
Delinquent Taxes	25
Payments of Sewer Utility No. 1 Charges	25
Delinquent Payments of Sewer Utility No. 1 Charges	25
Payments of Sewer Utility No. 2 Charges	25
Delinquent Payments of Sewer Utility No. 2 Charges	25

The result of the test, which was made as of December 31, 2013, is not yet fully known, however the items that were returned were checked and in agreement with the Township's records and for items not returned either a second request was made or the open items were traced to subsequent collection. If any irregularities are discovered as a result of our second request a separate report will be issued.

OTHER COMMENTS

OTHER POST-EMPLOYMENT BENEFITS

GASB 45 requires state and local governments that participate in single-employer or agent multiple-employer defined benefit OPEB plans to measure and disclose an amount for annual OPEB cost and a liability for the amount of future costs on the accrual basis of accounting. The Township reports on an other comprehensive basis of accounting and therefore does not have to report OPEB liabilities on its balance sheet or appropriate a minimum contribution in its budget, but is required to provide information on its OPEB practices and costs in their Notes to the Financial Statements. The Township has complied with this requirement and the full report is available for review in the Township Clerk's Office

EXAMINATION OF CLAIMS

Claims paid during the period under review were examined for clerical accuracy and proper approvals.

The review and inquiry indicate good scrutiny on the part of the Township and Township Officials regarding expenditures.

TECHNICAL ACCOUNTING DIRECTIVES

The Division of Local Government Services has established three systems which are required by all local units. They are as follows:

1. Maintenance of an encumbrance accounting system (N.J.A.C. 5:30-5.2).
2. Fixed asset accounting and reporting system (N.J.A.C. 5:30-5.6).
3. General ledger accounting and record system (N.J.A.C. 5:30-5.7).

The Township has complied with all three directives for 2013.

Although the Township is in compliance with the fixed asset accounting and reporting system with records being maintained in house, we have suggested that this system be consolidated by having an appraisal company conduct an independent review and tagging of the Township's fixed assets. We have also suggested that the Township consider raising the threshold amount for these fixed assets, which presently is \$1,000. These matters were discussed with Township Management during the exit conference and will be undertaken in 2014.

CHANGE ORDERS IN EXCESS OF 20%

The Township Clerk has certified that no change orders were issued that would cause an originally awarded contract price to be exceeded by more than 20 percent (N.J.A.C. 5:30-11.1 et seq.).
